

Single Engine Failure - Mastering the Emergency Landing

****SEATS ADDED****

Justin Lewis, former F-14 and A-10 pilot will be speaking about how to master an emergency landing and what to do in response to a single engine failure. Justin has written articles about this topic for AOPA and would like to share his emergency procedure concepts with the local community. Justin also built and currently flies the FLS Microjet in airshows across the United States. The FLS Microjet will be on display during the seminar and lunch will be provided.

Directions: The Seminar will be presented in the main hangar.

A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
